To Whom It May Concern,

On behalf of the Reginald Center of Turn Around, we would like to extend our thanks to you for taking the time from your busy schedule to consider our request for a donation for sponsorship for our individual and family programs. We are also in the process of gearing up for our seventh annual Sky's The Limit, Walk against Drugs and Violence on July 20, 2019. Last year we were able to feed 1,000-1,500 people and helped change the lives of many with your support, so thank you. As our cities, town communities and countries are witnessing on a global scale natural disasters, wars both civil and beyond and educational systems are dwindling, etc. We see a time now more than ever where people are ready to band together in communities and organizations to build and change these patterns. I am a firm believer that if we continue coming together on one accord that we can change the lives of many more; united we stand and divided we fall. RCOTA will be around generation after generation making a difference in our communities & standing for what's right.

Our mission is to assist teenage adolescent boys/girls along their journey of becoming men/women and adult men/women. We strive to help them be strengthened them in the areas of academic, physical and their spiritual well-being. We seek to provide a safe environment where the community can come and express themselves, build confidence and gain the knowledge to become a better them in a healthy atmosphere and expand who they are as individuals rather than succumbing to troubling environments and challenges. We are a faith based organization founded on Christian values and desire that through faith, love and encouragement, those in the community will be able to overcome challenges that many of their generations may experience.

By participating in our program doors will be opened for individuals and families to receive proper support and resources.

As a non- profit organization we rely on support from dedicated companies and people such as you. We appreciate any type of contribution to our program either monetary, goods or services. Funds are used for the sole purpose of providing the above services to our clients/residents. All funds go directly to our program or walkathon.
